Reference no.: NTPS/2022/080

21 March 2022

Dear Parents / Guardians,

We hope that you had a restful break during the March holidays and would like to warmly welcome your child back to school for the new term. We would like to thank you for the support given during this COVID-19 situation and our on-going infrastructure upgrading project and seek your continued partnership in ensuring the safety and well-being of all.

We are happy to share with you that we are into the last phase of the school upgrading works, with the new 6-storey teaching block ready for use by our students and staff in the next few months. We would also like to extend our appreciation to all parents for your active participation at the various engagement sessions held in Term 1 this year. 6 engagement sessions were conducted over the past 3 months [*1 parent engagement session held for P1 parents in January, 2 sessions held for middle primary parents and upper primary parents respectively in February and the Meet-the-Parents Session 1 held in March*] and we value this strong partnership with you in the holistic development of our students.

As part of our on-going communication with parents, we would like to share with you the following updates:

1. Welcoming our New Staff

We would like to extend a warm welcome to our new teachers, Ms Rachel Teo [English Language and Mathematics teacher] and Ms Jessica Sum [English Language and Science teacher] who have completed their Post-graduated Diploma in Education Programme and have joined our New Town Family from 14 March 2022. Collectively as New Town Educators, we are committed to working with you on the holistic development of your child.

2. Student Matters

Safe Management Measures (SMMs)

SMMs will be adjusted in Term 2 to allow pair and cluster seating of up to 5 students in the classrooms, assemblies and common dismissal time. Wipe down routines will continue to ensure on-going safety and well-being of all.

Please refer to Table 1 for the revised dismissal times which will take effect from **Monday, 28 March (Term 2 Week 2)**.

Table 1 – Dismissal Times

Levels	Dismissal Times
Primary 1	1:35pm
All other levels	1:40pm

Changes in Healthcare Protocols

As part of the broad shift to self-responsibility, students who are close contacts, whether they are informed by MOH or by any COVID-19 case such as those on Protocol 2, are to moderate their social activities. They should monitor their health and self-test with ART before leaving home for that day, especially if they are going to crowded places or in contact with vulnerable individuals.

Students returning to school after recovery from COVID-19 (PCR+, Ag+ from healthcare or self-administered ART) are not required to present medical certificates, doctor's letters or recovery memos. Students should show photo evidence of their ART results to their form teachers following their recovery and upon their return to school (for those who self-exit after 72 hours and those before their time-based discharge). For recovered C+ students who still exhibit some symptoms after testing PCR- or Ag-, parents may wish to keep them at home until they have fully recovered.

All students are to bring and keep their TraceTogether (TT) token with them all the times in school. We seek parents' help to do periodic checks to ensure that your child's TT token is working as contact tracing is done via TT token.

Temperature Taking Exercise (TTE) 24 March 2022

With effect from Term 2, daily temperature taking will be reduced to once a term. TTE will be conducted on Thursday, 24 March 2022.

Students are reminded to ensure that their oral digital thermometers are working and bring them on the day of the exercise.

Attendance

Students are expected to maintain regular attendance for learning to take place effectively. Students who are absent from school will miss out on meaningful engagement with their teachers and peers during active learning experiences and class participation. Maintaining regular attendance is best fostered with parents' support. Should a child be absent, the school may call the parent to verify the absence. A medical certificate/letter should be submitted to the Form Teacher when the child returns to school. Students should see a doctor and rest at home if he/she is unwell.

Punctuality

Punctuality is an important virtue and an important life skill which every student should possess. We seek the partnership of parents to ensure your child has adequate sleep and leaves home early so that the child can arrive to school on time. All students are strongly encouraged to be with their form classes by 7.15 a.m. to participate in the school's Morning Programme such as the Reading Programme, Morning Connect and Form Teacher Time. Flag-raising will commence at 7.30 a.m. every morning. This will allow students to ease into the class routines at the start of the day so that learning can begin promptly. Please note that students who are not with their form classes during flag-raising ceremony will be considered late. They are required to report to the security guards to have their name, class and time of arrival recorded.

School Uniform and Attire

Every student must be neatly attired and wear the prescribed school uniform with pride. **Modification to the school uniform is not allowed.** Students can come to school in their Physical Education (PE) attire on days when they have PAL and/or PE lessons. Students may wear a **plain black or navy-blue** outer wear such as a windbreaker, sweater or cardigan in the morning. The length of their outer wear should not go beyond the hip.

3. Teaching, Learning & Assessment Matters

Applied Learning Programme (ALP) - Citizen scieNcE@New Town

Our ALP, Citizen ScieNcE@New Town, is an interdisciplinary learning of Science and National Education (NE) that aims to heighten students' awareness of the role of science and technology in addressing and securing Singapore's energy, food and water security. Through the programme, our students will be exposed to a variety of authentic learning experiences that weave in the understanding of Science into the discussion of NE issues.

This year, the P4 students will learn about how high-tech urban farming can help Singapore to overcome our land constraints to allow all Singaporeans, even primary school students, to grow vegetables locally. This will help ensure that we have a reliable local supply of food without relying solely on food imports, thereby contributing to Singapore's "30 by 30" goal (i.e. to produce 30% of our food requirements by 2030).

In Term 1, the P4 students attended a workshop conducted by local urban farmers, and learnt how to harvest vegetables from our own indoor farming unit that was set up in every P4 classroom. In Term 2, the students will be designing their own labels and taglines which would be pasted onto the boxes of vegetables that were "seeded, grown and harvested in New Town" to bring home. Our P2, P3 & P5 students can also look forward to upcoming ALP modules in the second half of the year. We invite you to partner us in educating your child on energy, food and water security to heighten his/her awareness of NE issues.

Assessment Matters

In our Term 1 Newsletter, we shared with you an overview of the Assessment Plan for the whole school, as shown in Table 2.

Holistic Assessment Plans for each level were subsequently shared with parents to provide more information on the Formative / Summative Assessments that can serve as milestone checks to track the learning progress of the child. If you have missed the Parent Gateway notification, you can refer to this link: <https://tinyurl.com/2022HApans> or refer to our school website under the tab "**For Parents**" > "**School Notifications**".

In response to Minister's announcement in parliament that schools have the option to remove Mid-year Exams (MYE) in 2022, we are evaluating whether the P4 and / or P6 MYE will be removed for this year. By 2023, MYE will be removed for all primary and secondary levels and be replaced by bite-sized assessments to assess and report students' learning progress. This is part of MOE's effort to reduce the excessive focus on testing and academic results and to place greater emphasis on the joy of learning. We will be sharing the updates with you soon.

Table 2 – Overview of the Whole-school Assessment Plan

	P1	P2	P3	P4	P5	P6
Term 1			Non-weighted assessments	Non-weighted assessments	Non-weighted assessments	End of Term Examinations
Term 2	All assessments are non-weighted	All assessments are non-weighted	Weighted assessments 15%	Mid-year Examinations 30% [Currently under review and to be announced by school.]	Weighted assessments 15%	Mid-year Examinations [Currently under review and to be announced by school.]
Term 3			Weighted assessments 15%	Non-weighted assessments	Weighted assessments 15%	Preliminary Examinations 100%
Term 4			End-of-year Examinations 70%	End-of-year Examinations 70%	End-of-year Examinations 70%	PSLE

Other School Assessment Matters

Please refer to Annex D for the dates and topics to be covered for the summative assessments in Term 2.

P6 students may refer to <https://www.seab.gov.sg/home/examinations/psle> for the updated PSLE Timetable. Please note that the English Languages & Mother Tongue Languages are conducted on **Monday, 15 August & Tuesday, 16 August**.

4. Term 1 – Events Highlight

Term 1 has been an exciting term and we are pleased to share with you some of the highlights

Total Defence Commemoration (Tuesday, 15 February)

Total Defence Day reminds every New Towner the importance of being prepared for unexpected situations and emergencies. This year's theme, *Together We Are Stronger*, reminds us that as one entity, we can overcome challenges and become a cohesive and strong community. The New Towners went through a series of learning experiences to understand each pillar of Total Defence in Singapore.

The P1 students learnt about military and civil defence. They created head gears after a lesson on "Our Heroes Among Us" and submitted photos, saluting the military and civil defence forces for defending SG. The P2 students were taught how to create a first aid box. Partnering parents, they produced media presentations, showcasing how they put together their first aid boxes in their households. The P3 and P4 students learnt how to differentiate emergencies vs non-emergencies through games. The P5 and P6 students had a teacher-facilitated conversation on "How Safe is

the Internet", in line with understanding the need for digital defence, which were followed by a set of cyber wellness and online safety questions prepared by our teachers.

With the knowledge acquired, our P3 to 6 New Towners proceeded to work on designing doorknob hangers which had emergency numbers and scam alert reference links on them. These doorknob hangers were then delivered to the senior citizens residing in Stirling Road. This was done in collaboration with School of Project X, which is a voluntary outreach group, reaching out to the senior citizens in the Stirling Road and Queenstown vicinity.

We thank all students and parents for their active participation in the commemoration of Total Defence Day.

Student Leaders' Day (Tuesday, 1 March)

As part of our Learning for Life Programme (LLP), it has been a practice at New Town Primary to set aside a day to be designated as "Student Leaders' Day". For this year, our newly-appointed Head Prefect, Huang Cuixin, hosted the Students Leaders' Day assembly via Zoom to introduce this year's Prefects' EXCO, newly-appointed prefects and CCA Leaders from P4 to P6. During the ceremony, the student leaders shared about their leadership journey and renewed their commitment to serve the school as they recited the Student Leaders' Pledge. The Head Prefect also thanked the school for endorsing the student leaders and encouraged New Towners to work together to make New Town Primary proud!

We thank all parents for supporting our student leaders as they learn to grow and serve with humility. We wish all our student leaders a meaningful and fulfilling leadership journey ahead!

P6 Camp G.R.I.T. (Thursday, 10 March)

As the Cohort Camp for P5 students was cancelled last year due to the COVID-19 situation, a day-camp was organised this for the current cohort of P6 students this year. Titled Camp "**G.R.I.T.**" [Growth, Resilience, Integrity and Teamwork], the camp activities were designed to provide opportunities for our students to work in teams and to develop their character. With synergy among the team members, the students were able to work together to solve the various tasks more effectively.

At the end of the camp, the students shared that they had built stronger rapport with their form teachers and classmates while working together to complete the tasks. The facilitation sessions conducted by our teachers after each activity also helped our students to discover their own strengths and areas for growth. As a result, our P6 students were more open to listening to ideas shared by their team mates and displayed greater resilience when faced with challenging tasks. We would like to take this opportunity to thank our P6 parents for partnering us in our journey towards supporting the holistic development of our P6 students.

Meet-the-Parents Session 1 (Friday, 11 March)

We are encouraged by the strong support of our parents in the recent Meet-the-Parents Session 1. The focus of our conversations was on developing learning dispositions that will enable our students to learn for life: **R**esponsible Learners, **E**nquiring Mind, **A**ctive Contributors & **D**etermined Spirit (**R.E.A.D.**). Students were given opportunities to share their personal strengths and areas for growth in relation to the four learning dispositions. We strongly encourage parents to partner us in developing these learning dispositions through frequent and meaningful conversations with your child at home.

5. Upcoming School Events / Programmes in Term 2

P1 & P2 Parent Engagement Sessions (Friday, 1 April)

We will be holding an online engagement session for parents of P1 and P2 students on 1 April (Friday) from 3.00 – 4.45 pm. The Heads of Department will be sharing how parents can partner the school in the child's learning of English Language, Mathematics and Mother Tongue Languages. In this session, you will also hear how Holistic Assessment can support your child to build his/her confidence and desire to learn. We will also be inviting Lakeside Family Services to share about the Triple P Positive Parenting Seminars and other services provided to support parents on your parenting journey at the engagement session. The registration link will be sent through Parents Gateway at a later date. We look forward to meeting you at the online session.

International Friendship Day (Tuesday, 5 April)

International Friendship Day is a day where we celebrate the diverse cultures of our friends from various countries. The theme for this year's commemoration is "Singapore in Asia". Our students can look forward to the following programmes:

- Visual Arts Showcase on "Singapore in Asia"

The school will put up an assembly show that embraces our vibrant visual arts in our school. Through arts, New Towners will be able to learn to express their understanding of diversity and unity, and present their reflections through co-created pieces of digital media and art works.

- The "Gratitude Project" led by our New Town Student Leaders

The "Gratitude Project" is an initiative by our student leaders who were greatly inspired by one of our RISE projects in 2021 on migrant workers. Through this project, our students want to acknowledge the hard work of the migrant workers in Singapore and encourage them to be strong, especially in these past few years where they were unable to return home to their families.

We would like to encourage all parents to stay updated with the latest happenings at New Town Primary by following our social media pages:

Facebook	Instagram
https://www.facebook.com/newtownpri/	https://www.instagram.com/newtownpri/
	

6. Nomination for the Inspiring Teacher of English Award 2022

Presented by the Speak Good English Movement and The Straits Times with the support of the Ministry of Education, the *Inspiring Teacher of English Award* is a national award for English teachers in Singapore schools that acknowledges teachers who ignite a love for the English language, and are effective in helping their students speak and write accurately. The Award has two categories – the Teaching Award and the Leadership Award. Nominations for the award are now open.

Submission of Nominations for the Inspiring Teacher of English Award 2022

We would like to invite you and your child/ward to nominate any deserving teacher(s) by downloading the nomination form via the URL or QR code below. The completed nomination form(s) should be submitted to New Town Primary School by **6 p.m. on 28 March 2022**.

Inspiring Teacher of English Award 2022
http://goodenglish.org.sg/inspiring-teacher-of-english-award/nomination-information

7. Home-School-Community Partnerships

Lakeside Family Services has been appointed by MSF since 2019 to deliver parenting support services to New Town Primary School. Positive Parenting Programme (Triple P) is an evidence-based programme that equips parents with techniques to promote your children's (aged up to 16 years) psychological, social and emotional competence.

Triple P seminars are designed to provide an introduction to the principles of positive parenting and are packed with simple ideas to help make raising kids easier. Do refer to the attached documents (Annex B & C) for more information on the Triple P Seminar Series as well as the Positive Parenting Programme (Triple P).

Here are the dates of the upcoming online seminars which will be held on ZOOM :

Seminar	Date & Time	Topic
Seminar 2	25 March 2022, Friday 8.00 – 9.00 p.m.	Raising Confident, Competent Children
Seminar 3	1 April 2022, Friday 8.00 – 9.00 p.m.	Raising Resilient Children

You are strongly encouraged to sign up for the seminars via this link:

<https://us06web.zoom.us/meeting/register/tZMld-itqD4tHdwWg1a5k0fGhPxrlGHELuJx>

Thank you for all your support in our various school programmes towards the holistic development of our students. We look forward to your continual support as our partners-in-education.

Wishing all an enriching Term 2 ahead.

Yours faithfully,

MRS TAN-NG WIE PIN

Parenting Seminars

Effective Parenting Approach to Raising Your Child!

Triple P *Positive Parenting Programme*

Triple P Level 2 seminars are designed to provide an introduction to the principles of positive parenting and are packed with simple ideas to help make raising kids easier.

Triple P Level 2 Seminar Series

Seminar 1: The Power of Positive Parenting

Seminar 2: Raising Confident, Competent Children

Seminar 3: Raising Resilient Children

What is Triple P ?

The Positive Parenting Programme (Triple P) is a parenting and family support strategy designed to prevent behavioural and emotional problems in children.

What does it offer?

Simple and practical strategies to help you confidently manage your children's behaviour, prevent problems developing and build strong, healthy relationships.

Why is it effective?

- ▶ One of the most effective evidence-based* parenting programmes in the world.
- ▶ It offers parents preventive programmes of different intensity to meet their needs.
- ▶ Effective in reducing child behavioural problems and improving parental self-efficacy and satisfaction.
- ▶ Implemented in 25 countries such as Australia, Japan and Hong Kong.

*Evidence-based programmes are programmes which are peer-reviewed by experts in the field and are recognised by a respected research organisation, and included in their list of effective programmes.

SEMINAR SERIES - ON ZOOM

POSITIVE PARENTING PROGRAMME

Having trouble managing common behavioural issues? Wondering how you can support your child better in his/her transition years from childhood to preteen?

Lakeside Family Services, in partnership with your child's school, brings you the Triple P - Positive Parenting Programme. These seminars teach the principles of positive parenting and are packed with simple ideas to help make raising kids easier, enjoyable, and rewarding. Join us to find out more!

FLE GUEST SPEAKER

STEVEN TAN

COUNSELLOR, FAMILY LIFE EDUCATOR, TRAINER

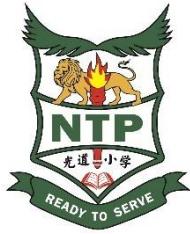

Steven is trained as a Counsellor and a Family Life Educator. He holds a Master of Social Science in Counseling from University of South Australia, and a Graduate Certificate in Parent Education Leadership Training (PELT) from Swinburne University, Australia.

He is a highly experienced and a well sought-after speaker in schools and in organizations, and connects well with parents with his sincere, interactive and engaging style, having conducted family life talks for over 20 years. He has lectured part-time for the Diploma in Counselling Skills for Edith Cowan University and also conducted Workforce Skills Qualification (WSQ) courses in Student Care. Steven excels in many areas of sports and is a fun-loving family man who also enjoys conducting children programmes and parent-child bonding workshops. He is a certified trainer for "Good Enough Parenting", "I Choose Us" marriage programmes, and Triple P (Positive Parenting Programme), among others.

Steven is happily married for over 26 years. He and his wife have three adult children. They work closely as a couple, and are passionate about building strong and resilient families.
